

Project Manager Perth, Australia

About ITC Global

At ITC Global, we bridge the gap by ensuring our customers' global satellite communications and IT systems are performing securely and reliably, allowing them to focus on what is important without worrying about their connection. We create smart network solutions tailored to the way our customers operate. Intelligently integrating network and

digital solutions, with active management to ensure the fastest speeds, the best user experience, reliable application access and data flow for real-time operations, and the most robust cyber security.

About Marlink Group

ITC Global was founded in 2001 to bring the industry-leading connection to developing markets and remote and harsh locations. ITC Global became part of the Marlink Group in May 2021. Marlink Group has more than 1300 colleagues working in more than 30 locations around the world and helps customers in industries including Shipping, Energy and Humanitarian to run their business remotely in ever smarter, more profitable, and sustainable ways.

Your Mission

The Project Manager is the primary interface with customers from contract award until the project equipment is fully deployed and operational. They are responsible for the delivery of Company Project solutions within the constraints of Scope, Schedule, Quality and Cost.

The Project Manager is responsible for the management of key client projects. The Project Manager works with all phases of the assigned projects and is authorized and accountable to deliver the services or products in accordance with the client contracts. The Project Manager works with all project stakeholders and resources to develop and deliver the client solution to the agreed and documented specifications whilst raising any variation orders and managing both technical, scope and commercial risk to the project.

Main Tasks

- Delivery of assigned projects within Cost, Quality and Schedule constraints.
- Coordinate with internal team managers/leads for the execution of projects
- Ensure that all projects are delivered on-time, within scope and within budget
- Review resource allocation and availability with managers/leads and escalate issues
- Develop detailed project plans to monitor and track progress
- Manage changes to the project scope, project schedule, and project costs using appropriate verification techniques
- Successfully manage the relationship with assigned clients
- Perform risk management to minimize project risks
- Provide and track project accounting information
- Project accounting for all of the financial information contained in the project financial tracker, including the project financial summary
- Present oral and written reports defining plans, problems, and resolutions to appropriate levels of management.
- Ensure that project status, issues and successes are communicated to clients,

project teams and all levels of management and documented appropriately.

- Addresses delicate situations and handles conflicts in such a way as to maximize opportunity and minimize exposure to risk.
- Any other ad hoc tasks

Qualifications & Professional skills

- HND or Degree in Electrical, Electronic, Telecommunication or Computer Sciences or relevant experience
- Professional Accreditation such as PRINCE 2, or APMP
- Minimum 3 years' experience within the telecommunications environment, deploying projects in remote and harsh environments.
- Effective delegation and time management skills to all levels of the organization and client interfaces
- Flexible and willing to meet customer requirements
- Experience in Visio and standard MS Office applications including Microsoft Project
- Travel may be required locally and internationally

Attitude & Interpersonal skills

- Capable of working under pressure, working on multiple complex projects simultaneously
- Multi-task effectively both independently and within a team
- Ability to communicate with people at all levels and participate in teamworking

We offer

- Flexible hybrid work situation
- Marlink Training Academy for professional and personal development
- International mobility
- Equal opportunities employer
- Cultural diversity

Our Commitment

Our Corporate Social Responsibility approach is part of the Marlink DNA to develop our business and people operate responsibly. Marlink has incorporated and respects the Ten Principles of the [UN Global Compact](#) into our strategies to establish a culture of integrity, value, trust and innovation.

The Marlink Group is a transnational organisation and considers cultural diversity as one of its greatest strengths. Additionally, we support diversity in race, gender, religion, national origin, political opinion, sexual orientation, social origins, age and physical or mental character.
