

Accountant (Payables) France

About Marlink

Marlink is a trusted partner in fully managed smart network solutions, based on an intelligent hybrid network and unrivalled digital solutions.

A true partner, who goes Above and Beyond to help you run your remote operations in ever smarter, more profitable, and sustainable ways to give you the competitive edge. In today's world, the power to connect your business operations and assets, even in the most remote and challenging places, has never mattered more.

At Marlink, we design, build and manage smart network solutions around your individual needs. We provide trusted global coverage, through our intelligent hybrid network combining satcoms, terrestrial technologies and digital.

Your Mission

A supplier accountant is a key position in the International Accounting Shared Service Centre (IASSC) of Marlink. The balance of the general accounts will depend on him/her.

You take care of the entire processing of supplier invoices within the International Accounting Shared Service Centre that managed the accountancy of 12 companies worldly based (Dubai, Belgium, Cyprus, Germany, Greece, France, Hong-Kong, Netherlands, Norway, Singapore, Slovakia and United-States). You receive, post and enter the invoices. The volume to be entered is very large (about 2.300/2.400 invoices per month for an Accounts Payable team of 7 peoples including the head of). You are then responsible for managing the payment of supplier invoices (about 1.000/1.100 payments per month).

As a supplier accountant you are also responsible for handling fixed assets in progress, closely with the General Accounting team.

You will follow the accounts payable from A to Z (about 1.800/1.900 suppliers managed by the IASSC).

Finally, you will oversee the monthly closing. You control and follow up on prepaid expenses, prepare and post the closing entries (revaluation of payables and bank accounts in foreign currency, registration of the debtors for reporting purposes) and ensure the justification of the accounts payable.

Main Tasks

- verification of supplier accounting documents
