

## Cost Controller Paris, France

### About Marlink

Marlink is a trusted partner in fully managed smart network solutions, based on an intelligent hybrid network and unrivalled digital solutions.

A true partner, who goes Above and Beyond to help you run your remote operations in ever smarter, more profitable, and sustainable ways to give you the competitive edge. In today's world, the power to connect your business operations and assets, even in the most remote and challenging places, has never mattered more.

At Marlink, we design, build and manage smart network solutions around your individual needs. We provide trusted global coverage, through our intelligent hybrid network combining satcoms, terrestrial technologies and digital.

### Your Mission

The Controller will join EEG (Energy, Enterprise & Government) controlling team. He/ She reports to the Senior Controller of the Business unit. He/ She will oversee finance control for the business unit, spread on the various legal entities of Marlink Group.

The candidate will work closely with the EEG CFO, accounting department, Heads of departments, group controllers and treasurers. He will also work with auditors.

Location based in our office in Paris.

### Main Tasks

The Financial Controller will be in charge of the following tasks:

- Ensuring reliable and accurate monthly closings
- Monitoring the OPEX spendings for EEG dedicated cost centres and prepare the monthly OPEX dashboards
- Controlling and monitoring of the Cost of Sales, and in particular the Satellite capacity spendings
- Controlling and analysis of CAPEX by cost center and project
- Providing reporting on financial performance to management

### Qualifications & Professional skills

- Master's degree in finance, controlling, accounting or business administration.
- Good knowledge in accounting principles. Certified Public Accountant or Certified Management Accountant designations would be a differentiator.
- 4 years of experience in controlling / financial analysis or accounting
- English and French speaking and writing

- Excel expertise
- Good computing skills overall. We have different systems, and the applicant will have to dig in them quite often.
